FORTY-FIFTH, YEAR.

HAYTIAN REVOLUTIONISTS DRAW NEAR TO GOVERNMENT'S CITADEL

STANDARD OIL COMPANY'S FAMOUS FINE UP TO U. S. SUPREME COURT

BATTLE BEATEN BATTALIONS OF ALEXIS RETREAT

Insurgents Victoriously Advance On Port Au Prince Scaring Citizens

PRESIDENT ALEXIS REFUSES TO LEAVE

FOREIGNERS BECOME UNEASY, THOUGH AMERICAN AND FRENCH WARSHIPS ARE NEAR

By Associated Press.
PORT AU PRINCE, Hayti, Nov. 30.—Every hour brings the revolutionary army nearer and a feeling of impending disaster has taken possession of the people.

The advance guard of General Simon's force is not more than twenty-five or thirty miles away, and the insurgents have swept all before them. The government reverses have caused consternation among all the officials with the possible exception of President Nord Alexis. Efforts to have him leave the country have failed, and he announces his determination to fight to the last.

There is an uneasy feeling among the foreigners, notwithstanding the presence of American and French warships, from which forces unquestionably will be landed if the insurgents attempt to enter the city, or at the first sign of disorder and pillage.

Flags of different nations are flying from the homes of many foreign residents. The markets are deserted and the country people, upon whom the city depends for sustenance, fled precipitately and refuse to return.

The situation is grave and a proclamation has been issued convoking the chambers for an extra session so that measures may be taken to preserve the government, or at least effect a compromise with the revolutionists.

Precautions have been taken to prevent an uprising in the city. Throughout the day and night the streets are patrolled by troops.

As far as can be seen, all the officers and soldiers here are loyal.

Three divisions of troops are entrenched several miles outside the city, and it is not expected General Simon's troops will arrive there until Wednesday.

Simon supported General Firmin in the revolution of 1902.

TOKIO LIES AGREEMENT.

Japanese Rejoice Over the Hands Across Pacific Arrangement.

TOKIO, Nov. 30.—The leading Tokyo newspapers and the Japanese press in general had not commented upon the exchange of notes between Tokio and Washington in reference to the American-Japanese agreement until this (Tuesday) morning, when there was unanimous rejoicing.

The foreign office continues to issue denials, but it is understood it is only awaiting word that the exchange has actually occurred.

SILVER MARKET.

NEW YORK, Nov. 30.—Silver 49½; Mexican dollars 48.

DAVIS PLACED ON TRIAL FOR MURDER OF PHYSICIAN

PROSECUTING ATTORNEY DOES NOT ASK QUESTION OF BELIEF IN CAPITAL PUNISHMENT

By Associated Press.
OMAHA, Nov. 30.—The trial of Charles E. Davis, charged with the murder on the night of September 1 last, of Dr. Frederick T. Rustin, a prominent physician of this city, was begun today. When the court was adjourned the jury box was filled. The feature of the proceedings was the fact the prosecution did not ask the question regarding capital punishment, indicating that if he can secure a conviction he will not ask the extreme penalty.

FOREIGN FIELD IS PREY OF STANDARD

DEFENSE WILL ATTEMPT TO SHOW THIS BENEFITS TRADE OF THIS COUNTRY

Special to the Journal-Miner.
NEW YORK, Nov. 30.—The development of the Standard Oil Company's trade in foreign fields, was the subject of the evidence in the government's suit, and gave Archbold an opportunity to give some interesting facts.

Of the total amount of illuminating oil refined in 1906, sixty-three per cent was sold abroad.

The line of the testimony in regard to the immense foreign trade indicates that one of the defenses of the Standard will be that this trade which the company will endeavor to show, brings a trade balance in favor of the United States.

AMERICA'S PEACE DOVES SAIL ON VOYAGE HOMEWARD

BATTLESHIPS SQUADREONS SET OUT ON RETURN TRIP TO THEIR NATIVE SHORES

By Associated Press.
MANILA, Dec. 1.—The American fleet sailed for Ceylon this (Tuesday) morning.

The departure was attended by no ceremonies other than the caecoring of thousands of people that thronged the waterfront, and was accompanied by several coast guard cutters and a few launches to exchange final farewells.

Leaving Manila the fleet begins the homeward journey. The first stop will be at Colombo.

Two submarines also accompanied the fleet several miles. The fleet will arrive at Colombo in two weeks, and stay six days, and then proceed to Suez without stop.

Attorney Paul Burke, head of the Arizona law department of the Santa Fe, was an outgoing passenger last night for Phoenix on railroad business.

DECEITFUL DISPENSOR OF BAD CHECKS NIPPED BY FACETIOUS OFFICER

Captured Quarry And Slangy Cop Exchange Pleasantries When Fugitive Is Nabbed In Shade Of Ice Plant.

With \$40 in the pockets of his dark brown suit, dejected, and evincing a keen disappointment at his failure to elude arrest, S. B. Guy, who cashed \$150 worth of bogus certified checks on the Security Trust Company of Los Angeles in local business houses last week, was arrested Sunday morning at 10 o'clock by Policeman F. H. Heisler. When he was taken into custody by Officer Heisler he was walking towards the city on the railroad track near the Crystal Ice Company's plant. "You are the 'Guy' I've been after for the last two days," Heisler addressed the accused forger. "I'm glad you got me, I'm tired out," responded Guy. "I'll see that you get a good chance to rest," declared Heisler as he took hold of the arm of the fugitive from justice. Guy, it is believed from his description, is also wanted in Randsburg, California, for similar questionable methods of getting other people's hard-earned coin.

A few minutes after the arrest Officer Heisler was joined by Chief of Police Prince, who had been informed by telephone that Guy had been in the vicinity of the ice plant by some one who had read the story of his alleged forgeries and his description in the Journal-Miner.

Guy was escorted to the sheriff's office and after being searched, placed behind the bars. He rested easy Sunday afternoon and night and slept the greater part of yesterday.

On the way to the sheriff's office Guy refused to discuss his wanderings since he escaped from the city Thursday night. He admitted that he was tired of rambling and deplored the fact that he had indulged too freely with liquor since his arrival in Prescott.

Guy's description tallies with that of one I. B. Morse, wanted in Randsburg, California, on similar charges, received at the sheriff's office Sunday.

The amount of his forgeries in that place is not given. A \$25 reward was offered for his capture by the California officers.

One of the \$50 checks cashed by Guy was returned to John M. Lindell, proprietor of the Wellington, from the Security Trust Company through the Prescott National Bank yesterday. The check was protested and marked "Bogus" by the Los Angeles bank at an additional expense of \$4.25 to Mr. Lindell. It will figure as one of the exhibits in the case when Guy is arraigned.

By Associated Press.

PARIS, Nov. 30.—The government is considering how President Castro shall be treated on his arrival at Bordeaux. After the fashion in which the French minister was expelled from Caracas, the government feels it would be justified in refusing to allow Castro and his aides to land.

Castro, however, is reported ill, and humanitarian considerations may prevent such a course.

It is probable a port official will board the steamer and ascertain the intentions.

If Castro desires to be treated at Bordeaux he will be allowed to remain there, if in Berlin, he will be given passports.

In no case will he be allowed to come to Paris.

COPPER MARKET.

NEW YORK, Nov. 30.—Copper, lake 14½ @ 14½; electrolytic 14½ @ 14½; casting 14 @ 14½.

DEATH TOLL OF EASTERN MINE HORROR REACHES 110 VICTIMS

IT IS NOT THOUGHT THAT THE NUMBER WILL ATTAIN MUCH LARGER FIGURE

By Associated Press.
PITTSBURGH, Nov. 30.—When night fell a hundred and ten bodies had been taken from the Rachel and Agnes mines, where the explosion occurred Saturday and carried to the surface. Two-thirds of the number have been identified. It is the general belief that not many more will be found, and by noon tomorrow all will have been brought to the surface. James E. Roderick, head of the state department of mining, came from Pittsburgh tonight to investigate and fix the responsibility of the accident.

WILL REQUEST CONGRESS TO ASSIST

CONGRESSMEN WILL MAKE TRY TO BRING VAN CLEAVE OUTFIT ON GREEN CARPET

By Associated Press.
WASHINGTON, Nov. 30.—Determined to bring before it those who criticized the hearings of the proposed tariff revision, who said much important information had to be obtained before framing an impartial bill could be undertaken, the ways and means committee will request congress to authorize it to subpoena witnesses at the supplementary hearings.

The request, it is understood, is directed mainly at J. W. Van Cleave, president, and V. H. Miles, secretary, of the National Association of Manufacturers, who have frequently attacked the methods of the committee.

UNITED STATES-JAPAN PACIFIC AGREEMENT IN FORCE

REPRESENTATIVES OF POWERS FORMALLY EXCHANGE SIGNED PAPERS OF POLICY

By Associated Press.
WASHINGTON, Nov. 30.—Secretary Root and Ambassador Takahira shortly after 3 o'clock today exchanged notes defining the policy of the United States and Japan in the far east.

The ceremony of exchange was brief, each handing the other a paper bearing his signature.

The purport of the notes has already been published. It is a declaration, not a treaty, and will not have to be ratified by the senate.

It is merely a reaffirmation of what Japan and the United States have stood for in China and the far east generally. It has no legal standing but the greatest benefit is to be derived from the moral effect in the exercise of future diplomacy governing the far east.

F. P. Cruise, assistant to the president of the S. F. & P., left last night for Parker on railroad business.

LIES WITH LAST JURISDICTION TO DECIDE VALIDITY

Justices Of Final Appeal Must Wrestle With Trouble Landis Brewed

GOVERNMENT APPLIES FOR WRIT OF CERTIORARI

WHETHER OR NOT MONOPOLY PAYS HUGE PENALTY IT IS THOUGHT AIR WILL CLEAR

Special to the Journal-Miner.
WASHINGTON, Nov. 30.—Another step in the government suit against the Standard Oil Company of Indiana went on record today, when the counsel for the government applies to the supreme court for a writ of certiorari, thus bringing the famous rebate case before the highest tribunal. This is the case in which the court of appeals reversed Judge Landis' fine of \$25,240,000 against the corporation. The government in its petition for a writ of certiorari advances as its principal prayer the importance of an interpretation by the supreme court of the United States of certain clauses of the railroad rate law. It is pointed out that several sections of the Elkins law are not sufficiently explicit in view of conflicting court decisions and that the court of last resort should for the benefit of all concerned take jurisdiction of the case and give a construction which will be final and binding upon all inferior courts.

The officials of the Department of Justice who are most closely identified with the Standard Oil suit have found upon an examination of the precedents that the supreme court refuse to grant writs of certiorari in cases decided by United States circuit courts of appeal unless questions at issue involve the interpretation of the constitutionality of the law. The government contends that under the rate fixing provision of the Elkins act, which plays an important part in the Standard Oil case, one circuit court of appeals may place one construction upon it, and another court in another circuit a conflicting construction, and that it is possible that nine different constructions may come from the nine circuits. The complications that could arise have been used for their full effect in the petition of the government, and the officials of the department of justice are confident that the court will grant the request for a construction of the law.

RETURN INDICTMENT.

Quaker City Echoes With Rumble of Post Political War.

PHILADELPHIA, Nov. 30.—State Senator McNichol, leader of the Republican organization, was indicted by the grand jury today on a charge of criminal libel, preferred by Max Kaufman, former secretary of Mayor Heyburn.

Kaufman was indicted on a charge of perjury.

The case grew out of the political war of 1905. It indicted also several editors and cartoonists of the Philadelphia North American.
